

LETTER OF VOLUNTARY COMMITMENT

Green Innovation Ltd.
Sofia, Bulgaria

27th April 2021

Dear Secretary General,

I am pleased to confirm that Green Innovation Ltd. supports this charter. Whilst we understand that **this charter is not legally binding**, we champion this effort. It is critically important for the business community, policy makers, innovators and investors to understand the importance of supply diversity in our pursuit toward mitigating the negative impacts of climate change. Green Innovation Ltd. will make a clear statement of this commitment to its stakeholders and the general public.

Our **commitment is as follows**: As producers of electrolysers, we commit to building demand for and trust in the use of clean and low-carbon hydrogen, as well as to contributing to the development of the hydrogen economy for the vital cause of decarbonization.

We commit to annually submitting our progress towards enabling and consuming low carbon hydrogen to the World Energy Council.

Together we can work to enable a better, faster and successful energy transition.
