LETTER OF VOLUNTARY COMMITMENT

Dear Secretary General

I am pleased to confirm that National Research University “Moscow Power Engineering Institute” supports the initiative Hydrogen 100. Whilst we understand the **this charter is not legally binding**, we champion this effort. It is critically important for the business community, policy makers, innovators and investors to understand the importance of supply diversity in our pursuit toward mitigating the negative impacts of climate change notably through hydrogen.

National Research University “Moscow Power Engineering Institute” will make a clear statement of this commitment to its employees and the general public.

We undertake to send annually data on scientific-research, educational and innovative activities of our university aimed at the development and promotion of environmentally friendly energy with zero emissions as part of the Hydrogen 100 initiative.

Together we can work to enable a better, faster and successful energy transition.

Sincerely yours

Rector of MPEI

Nikolay D. Rogalev
