

# EU - MEDITERRANEAN COOPERATION FOR A SKILLED ENERGY WORKFORCE

## MEDITERRANEAN ENERGY TALKS (MEETs) - 3rd meeting

9th October 2025, 3-4 pm CET - Live streaming from EYEF2025, Catania

The Mediterranean energy transition is no longer a distant prospect, it is unfolding now and demands new skills, innovation capacity, and structured regional cooperation. In its third meeting, the Mediterranean Energy Talks (MEETs) initiative, promoted by OMEC and WEC Italy, turn to a decisive enabler of this transformation: developing a qualified, diverse, and future-ready energy workforce. Organized in the context of the European Youth Energy Forum 2025 of Catania, the talk will explore how Euro-Mediterranean collaboration can strengthen education, training, and inclusion, while empowering youth and women to play a leading role in the sector.
