# Workshop Agenda

09:00 a.m. - 09:30 a.m.

- **Registration and Welcome Coffee/Breakfast**

*The sessions will be moderated by Mr. Pierre El Khoury, Senior Energy Advisor, Secretary of the Lebanon Committee of the World Energy Council (WEC)*

09:30 a.m. - 10:30 a.m.

- **Session 1:**

## **Enforcing Micro-Grids in Lebanon: En Route to Decentralization**

Bound between the requirements of Law 462/2002 and the requirements of Law 318/2023, micro-grids remain an untapped potential in Lebanon despite some shy initiatives in this regard. This session will shed the light on different examples of micro-grids in the country and analyze their positive potential impacts in ensuring reliable electricity supply. Most importantly, this session will question the role of micro-grids in heading towards decentralization in the energy sector of Lebanon.

*“Elements of Micro-Grids in Lebanon” Presentation by Dr. Joseph Al Assad, President/ Director General of the Lebanese Center for Energy Conservation (LCEC), Dean of the School of Engineering, USEK University*

*“Successful Micro-Grid Applications: The Case of Bchaale” Presentation by Mr. Elias Selwan, Managing Director, ME Green*

*“A Pioneering Proposal for Micro-Grid Applications for the Industrial Sector” Presentation by Metrix*

*Open Discussion- Q&A*

10:30 a.m. - 11:30 a.m.

- **Session 2:**
